In response to the COVID-19 crises, on March 19, 2020, Governor Brad Little issued a proclamation suspending the portion of Idaho Code 74-203(5) which requires government agencies to allow the public to attend public meetings in person. The purpose of the proclamation was to allow public business to be conducted while also following guidance to limit gathers to 10 or fewer people. The proclamation encouraged, but did not require, public agencies to provide other means of participation. Idaho Falls believes in public participation and has established the following methods of participation:

1. Provide any written testimony to bmclane@idahofallsidaho.gov. Written testimony will be sent to the commission and read into the record verbatim during the hearing.

2. If you wish to provide oral testimony, you may do so remotely through a Webex meeting. The Webex will allow you to watch and listen to the meeting, as well as provide testimony. You may participate with a phone or computer, but you must send your email address to bmclane@idahofallsidaho.gov no later than 11:00 a.m. on May 7th so log in information can be sent to you.

3. If a group of residents have similar comments, but wish to provide in person testimony rather than written testimony, it is recommended that the group choose a spokesperson to attend the hearing via Webex and provide those comments while the others view the regular live stream.

If you need communication aids or services or other accommodations to participate, please call 208-612-8276 at least three to five days prior to the meeting so we can adequately meet your needs.
