Dear Ms: Hammon,

On behalf of Bay County Emergency Services and all of the citizens of Bay County, Florida I want to express our sincere gratitude for your service and assistance during our Hurricane Michael response and recovery operations. It is difficult to comprehend that we are already approaching the 1-year anniversary of this devastating event and even though there is still very much work to complete for our recovery, without your valuable assistance we would not be where we are today.

The professionalism and compassion displayed during your time here was inspirational and gave us all the confidence that we could get through this difficult time. The sacrifice you made to respond to Bay County will always be remembered and rest assured, that if you ever find yourselves in need, we will be here to assist you.

As the celebrated English author and minister John Bunyan said "You have not lived today until you have done something for someone who can never repay you" – you have certainly "lived today", as we can never repay you for what you have done for Bay County. Please know though, how much your efforts are appreciated and pass on to your employers and families our sincere thanks for supporting you as you assisted us in our time of need.

Most Sincerely,

Joby Smith
Emergency Management Division Chief
